**Duncan Hunter Wins 3rd in Wyoming;
Endorsed by Nevada Republican Assembly!**

Fellow Duncaneers, we told you of the Hunter campaign's "below the radar" strategy of targeting Wyoming, Nevada, and Michigan.

Now see the results!

Duncan Hunter just came in a close third place behind Fred Thompson and Mitt Romney in the second national primary in Wyoming!

He beat Huckabee . . .
He beat Giuliani . . .
He beat McCain . . .
He beat Paul . . .

With only two primaries finished, there's plenty of time left to pick up steam!

This is huge!

Fellow Patriots, do you know what this means?

Huckabee won in Iowa . . .
Romney won in Wyoming . . .
and McCain is poised to win in New Hampshire . . .

This election is WIDE OPEN!

With New Hampshire, Michigan, South Carolina, Nevada, and Florida left, anything can happen.

That's why Duncan needs your help now! [Help us win Nevada with a contribution now!](#)

Folks, there have been doubters, but let us put all doubt asunder. If we win or place well in one more early primary . . .

. . . the White House is within our grasp.

Just yesterday the Nevada Republican Assembly, the largest concentration of Reagan Republicans in Nevada, endorsed Duncan Hunter with over two-thirds of the vote!

That means that the folks most actively watching the race and participating in Republican politics will

show up at the Nevada caucus to vote for Hunter!

[That's why we need your help ASAP!](#)

We absolutely MUST capitalize on this momentum NOW!

Imagine this likely primary scenario:

STATE	WINNER
Iowa	Huckabee
Wyoming	Romney
New Hampshire	McCain
Michigan	Huckabee or Romney
South Carolina	Thompson or Hunter
Nevada	Hunter
Florida	Giuliani

Come Super Tuesday on February 5th, the race for the White House is still a toss up!

What's more, reports have indicated that one or more of the candidates will have likely dropped before then.

Remember, Hunter tied for first place in the first and biggest straw poll in South Carolina, won the straw poll in the largest county in Arizona (in McCain's own backyard), and won the entire Texas State Republican Straw Poll.

Been wondering what Hunter has been doing? Here's your answer!

But, with so much at stake, [he can't do it alone](#).

This MUST be a team effort!

To win Nevada, we'll have to continue organizing key events and running critical radio spots.

But, as you know, this election is already the most expensive in history!

So, if you're truly committed to helping the best man get to the White House . . .

. . . Then now's the time to make it count!

Here's what your contribution will do for Hunter:

[\\$25](#) will pay for the gas to drive him to an event

[\\$50](#) will buy a full tank of gas for a day's drive

[\\$75](#) will buy 5 seconds of a critical radio ad

[\\$150](#) will buy 10 seconds of a critical radio ad

[\\$250](#) will buy a full radio ad

[\\$500](#) will buy two ads

[\\$1,000](#) will pay for 4 ads, a week's worth of gas, or two plane tickets!

We're running a lean machine to the White House, so every SINGLE dollar counts!

What's more, Duncan Hunter has received three key endorsements in the last week!

[Joseph Farah, Executive Editor of World Net Daily and Board Member of the Value Voters Debate](#)

[\(which endorsed Huckabee\) recently endorsed HUNTER!](#)

AND

[Reagan Republican Senator Bob Smith--from New Hampshire--just endorsed HUNTER!](#)

AND

[GodVoter.org, the premier values-voter civic online organization, just endorsed HUNTER!](#)

The momentum is building more every day!

We can't afford to let it slip by! Every day and every penny counts . . .

The clock is ticking . . .

The New Hampshire primary begins in 24 hours, let's make it count.
